

## INTRODUCTION

Rey & Lenferna Ltd, one of the most respected “engineering” company in Mauritius, started its journey as service provider to the sugar industry in 1940 and soon after diversified its activities with the supply and distribution of various Mechanical and Electrical goods such as starter batteries, automotive parts and consumables.

Throughout the years, Rey & Lenferna with further diversification actively participated in the modernisation of Mauritius by offering World-Class engineering products and solutions to a broad mix of private and public institutions.

Thanks to its partnership with major international engineering manufacturers, Rey & Lenferna presently holds over 50 exclusive brand representations and is a recognised institution in Mechanical, Electrical and Plumbing (MEP) projects. In 2013, Rey & Lenferna has extended its “savoir-faire” regionally through its subsidiaries in Seychelles and Madagascar.

For years now, Rey & Lenferna has developed a renowned knowledge in the automotive sector and has since 2016 formed part of the Nexus Automobile International consortium and more recently, Rey & Lenferna has diversified its activities and broadened its products and services portfolio by providing new value propositions solutions to other specific sectors such Textile and Information & Communications Technologies. With more than 700 employees, the company’s engagement is to provide customised and innovative integrated solutions to its clients, with a focus on customer service.

## ABOUT

**Rey & Lenferna Technologies**, a subsidiary of **Rey & Lenferna Ltd**, was incorporated in 2003 and is specialised in **Information & Communications Technologies**.

Our journey with **POLYCOM** started since 2007 and as a **Registered POLY Partner** we have gained over the years hands-on experience and expertise in implementing cutting-edge Video Collaboration Solutions. **POLY** (formerly **PLANTRONICS** and **POLYCOM**) creates premium audio and video products so you can have your best meeting; anywhere, anytime, every time. The headsets, video and audio conferencing products, desk phones, analytics software and services are beautifully designed and engineered to connect people with incredible clarity. They are Enterprise grade, easy to use and work seamlessly with all the best video and audio conferencing services.

Since 2012, we are a **GRANDSTREAM Certified Partner and Distributor** for leading edge IP Voice & Video Products and Solutions.

As a **CISCO Premier Certified Partner** in Mauritius, Seychelles & Madagascar, Rey & Lenferna Technologies has met rigorous standards set by Cisco & Meraki in Wired, Wireless & Secured Networking competencies. Recently, we have enlarged our experience in **Cisco MERAKI**'s easy, IT-friendly, smart, cloud-managed IT solutions. We offer a comprehensive set of solutions managed from Meraki’s intuitive web-based dashboard interface.

Rey & Lenferna Technologies is an **EXCEL Accredited Partner & EXCEL Distribution Partner** and we are trained to be an **EXCEL Cabling Partner**. As a System Integrator we have received optimal technical and product support from EXCEL to provide 25-years warranty on the Structured Cabling Infrastructure. Excel Networking delivers the required support to ensure end-user satisfaction and compliance with international norms and standards.

We have uplifted our competencies in on-premise, cloud-based and hybrid solutions and as a **MICROSOFT Silver Partner** we offer the best solutions and undertake rigorous & auditable approval processes. We have instant access to exclusive resources, programs and tools that are required to build and deliver successful solutions to better support our customers and foster business growth.

As an ICT Managed Services Provider, we offer Professional services such as ICT architecture & design, implementation, integration & training. We execute solutions that will optimize your systems with value-engineering, low cost-on-site provisioning and lower total-cost-of-ownership. Our offers are coupled with comprehensive Service Level Agreement and on-site/remote support.

Rey & Lenferna Technologies’ expertise encompass the following products, systems and solutions:

- o Networking | Cabling, Switching, Routing, Wireless & Security
- o Collaboration | Unified Communications & Video Conference
- o Digital signage and Video displays
- o Internet of Things (IoT) and Automation integration
- o Industrial solutions (heavy duty & rugged)
- o Network & End-point Insights and Management
- o On-premise, Cloud-based or hybrid systems
- o Small & Midsize Business and Enterprise Grade solutions
- o General ICT equipment, peripherals and supplies (laptop, desktop, server, ... cameras, headsets & accessories)

Rey & Lenferna Technologies can help you save cost and dramatically simplify your day-to-day ICT operations through managing your network, monitoring the network health and reacting proactively.

We have a knowledgeable, experienced, and dedicated Team at your Service.
